

# triple conic

## Triple Conic -18m

The Triple Conic structure offers sleek and substantial coverage, with several options for customisation. Its elegant canopy form is appealing in a host of locations.

### Typical Applications

- Outdoor Classroom
- Playground Shelter
- Link Walkway

### Size options

- 18m x 7m

### Technical details:

#### Framework

Framework is mild steel, in either a galvanised finish or polyester powder coated to most RAL colours.

#### Fittings

Marine grade (316) stainless steel fixings plus anodised aluminium extrusion.

#### Fabric canopy options

- PVC coated polyester, available in 8 colour-fast shades, with a life expectancy of 20 years.
- Environmentally friendly Solar Glass Weave fabric, in off-white colour only, with a life expectancy of 30 years.

#### Installation

The Triple Conic can typically be installed in 3 days, on to concrete foundation pads by others. Requires good access for plant machinery and installation.

#### Plant Machinery

- Cherry picker or Scaffold Tower
- Two Telehandlers or All -Terrain Cranes

#### Foundations

Three below ground concrete foundation pads for three steel legs. Please request General Arrangement drawing for more information.

### Extend

Extend legs for oversailing and linking buildings

### Customisation

Caps can be painted any RAL colour

### User friendly

Hidden foundations and access panels for electrics achieve clean and simple design
